## **Agenda**

### 1. Stage 2 General Discussion (11:40-11:48)

- Wiki will be updated by Miguel as soon as tasks are done
- Miguel will also organize the GitHub repository to get it ready for Maven
- Yibin had previously said that the JSON handling part might be different than we thought, we might have to update the UML Class Diagram
- Nicole will update the UML Class Diagram when changes are made

### 2. Pivotal Tracker (11:48-12:05)

- We have 30 points on our pivotal tracker as of the time of the meeting
- We picked 10 points to be done throughout the week and decided what we are going to work on

### Action Items:

- Everybody must work on their part of the code and do the Maven Tutorial
  - GUI: Miguel/Mathias
  - JSON: Yibin/Madhavi
  - System: Nicole/Timothy

Next Meeting: Monday, 2 March, 3:30pm in MC 239
